

JOHNSTONE SUPPLY

The Orion Group - Your Partner for Success

Johnstone Supply, The Orion Group is happy to provide a rewards program to our loyal e-commerce driven customers in hopes to make it easier for contractors to do business and grow profits. We are thankful for your past support of The Orion Group!

A few updates now that Business Agreements are completed

How it works:

Every \$100 ordered through one of our online platforms including OE Touch, Johnstonesupply.com, and Direct Connect will earn you 25 points. If you are not signed up, ask a counter salesperson to help get you started or sign up through our website: [Sign up here!](#)

If your company is already enrolled in any kind of rebate agreement, you will not be eligible for this program going forward. All points accumulated will stay with your account. Contact your Territory Manager for additional questions!

Process:

At the beginning of each month, we will run sales reports and upload the points to the respected accounts based on your ecommerce spend. Emails will be sent to the provided email with your point totals and a link to the Rewards site where you can redeem your points. You can use your points at any time and you can also pay the balance of any product you don't have enough points for.
